CO-OP PARAMOUNT CHICKS
Bring You GREATER PROFITS
There is no need for elaborate, high priced "fancy" stock when Co-op Paramount Chicks are available in all standard, proven breeds—selected for long, consistent laying life.

You get FULL VALUE FOR EVERY DOLLAR invested in CO-OP PARAMOUNT CHICKS. For your protection, all Co-op Paramount chicks are carefully chosen from Alberta vaccinated flocks.

For full information on breeds available and prices, write for FREE catalogue and price list to:

CO-OP PHATTERIES
EDMONTON, SOUTHERN EDMONTON, CALGARY, CAMROSE and LETHBRIDGE

Hardy, Top-Quality "PARAMOUNT" chicks are bred to thrive in Alberta's rugged climate. They mature faster... they PRODUCE faster... bring QUICKER profits.

Some of the jobs you can have done NOW as in the Spring...

- Repair the Electric Wiring in your home up-to-date.
- Install modern floor and wall plugs and wood extensions.
- Replace out-dated Electric lighting fixtures with new modern ones.
- Replace old style plugs, switches, light fixtures, etc. with modern ones.
- Have power wiring installed for new appliances you are planning to buy.
- See your dealer about the new appliances you need.
- Small more lights when needed.

Spread out the Spring rush. Get work done now that you are planning for later. The people and firms you employ have more time to do it now—and do a better job later.

And remember, all the goods and services you need are available right in your own town, equal in quality to what you can buy anywhere, and in many cases at an even lower price.

Everybody in your community profits when you DO IT NOW—and the people who profit most are YOU.

The more jobs...
The more buying power...
The better your community's prosperity!

A Community is Not Fully Prosperous Unless Everyone is at Work

CAROL Jones arrived home from Saskatchewan after spending the weekend there.

Ducks didn't start hatching until late at Betty and Keith Williams.

Peter Lauritsen is eager to say good bye to his wife Helene who is leaving in May before he departs for Norway.

THE VACATION

Donna Brown has a lot to tell about her vacation. She'll have more time to write it later.

Watch for Mr. Thompson's new book "The Story of the Ducks." It's yours and mine.

Your future is Here... In Alberta

THOSE OF YOU WHO LIVE IN THE COUNTRY might be aware, but not many city folks know, that it takes about 16 million pounds of seed grain to plant Alberta's fields in the spring. Most of this seed must be cleaned before it is suitable for planting.

That's where the 15 municipal seed cleaning plants in the province do a woman job. Operate on a round-the-clock basis three days to help ensure a good crop this year.

And that can mean a good coin crop once locally.

THESE SEED CLEANING
PLANTS, by the way, are built
and operated by the people of
the district they serve, with
the advice and financial assist-

ANCE where required by the provincial Department of Agriculture.

AS THIS MATERIAL REACHES PRINT, it is likely the Provincial Legislature will be in session. It convenes February 14. It is surprising to consider the number of people who have never been in the gallery during a sitting. We would suggest that you, and your family, visit the Legislative Building one afternoon during the session. The visitor's gallery is reached from the third floor of the Legislative Building, and is especially good. The only rules are do not take pictures, or take notes of speeches being made on the floor. The press gallery, over the Speaker's chair, is the only place where this is permitted off the floor. The conduct of your business in the House.

government is interesting. It will pay you to visit the House.

See You Soon—

It's Tough All Over!

This modern life we lead isn't so hot at times. The trouble is a man's life is full of crosses and temptations. He comes into the world without his consent and goes out against his will and the trip between is usually exceedingly rocky.

The rule of contraries is a feature of this trip. He says "yes" when he wishes he could say "no." If he is poor, he is rich; if he is rich, he is poor. If he is healthy, he is sick; if he is sick, he is healthy. If he is happy, he is sad; if he is sad, he is happy. If he is a success, he is a failure; if he is a failure, he is a success. If he is a man, he is a woman; if he is a woman, he is a man. If he is a father, he is a son; if he is a son, he is a father. If he is a husband, he is a wife; if he is a wife, he is a husband. If he is a friend, he is an enemy; if he is an enemy, he is a friend. If he is a lover, he is a hater; if he is a hater, he is a lover. If he is a sinner, he is a saint; if he is a saint, he is a sinner. If he is a man, he is a woman; if he is a woman, he is a man. If he is a father, he is a son; if he is a son, he is a father. If he is a husband, he is a wife; if he is a wife, he is a husband. If he is a friend, he is an enemy; if he is an enemy, he is a friend. If he is a lover, he is a hater; if he is a hater, he is a lover. If he is a sinner, he is a saint; if he is a saint, he is a sinner.

doesn't get it, he's a bum.

Yeah, it's rough.

The longer we linger in this vale of tears, the longer we creep through this petty pain from day to day, the more we figure it's time for all mankind to take a little look around, view the remains in our grace-starved souls and begin a new life with the help of Him Who held the secret of life.

The most wonderful way to live at all times is just yourself one simple question, when those "contraries" aforementioned arise.

The question? "What would He have done?"

The right answer will surely present itself.

—Elmira Sigurd.

A PRICE INCREASE

THIS MONTH ELECTION

A coming week in town there will be an election for two councillors to sit on the council for the next three years. Three men are in the running for the two empty seats.

It has been brought to our attention that a number of persons may not know who are entitled to vote in an election of this kind so we phoned Mr. Simpson, the returning officer for the next election. All property owners are entitled to vote and all Canadian citizens who are 21 years of age or over and have lived in the town since the end of March, 1966.

For the benefit of anyone who may be doubtful as to how to mark his or her ballot when voting for two men we point out that the proper way is to put an X behind the two names you want to vote for. Do NOT use numbers and do not mark for more than two men.

So come Monday, March 4, be sure and vote. Vote as you please! But if a wing—Ingegnoll.

GLEANINGS

Life is a narrow vale between the cold and barren peaks of two eternities. We strive in vain to look beyond the heights. We cry aloud and the only answer is the echo of our wailing cry. From the voiceless lips of the unreplying dead there comes no word; but in the night of death, hope sees a star, and listening, love can hear the rustle and voice of life.

—Ingegnoll.

A PRICE INCREASE

Elsewhere in this issue is an advertisement advising all subscribers that effective April 1st, 1967 the subscription price of the Tofield Mercury will be \$2.50 per year anywhere in Canada and \$3.50 a year for U.S.A. and Foreign. This increase has been brought about by continued rising costs. For years the \$2.00 a year weekly has been hard to find with the majority of the papers charging \$2.50. Now these papers are going up to \$3.00 so the Mercury will still be in comparison at \$2.50.

All subscribers who would like to renew now may do so at the current price of \$2.00.

BIRMINGHAM — One had formally intubated it so much as the cause of written but the 1987 budget will certainly show as a "share the wealth" charge.

Delivering the budget address last Friday night, Provincial Treasurer E.W. Hsman disclosed later this year the government plans to pay dividends of \$100 million to shareholders of the province's 100 largest companies. The dividends will be made available to all Canadian residents over the age of 31 years who lived in Alberta for five years

They will be known officially as Oil and Gas Highway Dividends. According to the government, they will represent the individual's share, a direct share in the millions of dollars the treasury raises in every year from oil and gas development.

And you, the dividend plan won't come into being until legislation is introduced and approved by the House. But the plan has received the endorsement of the Senate Credit Committee. And there is little doubt about the Senate majority carrying such a move which is considered sure to pass.

So, if you are a shareholder in gold with the right party-

future generations which that offset the amount repaid for the dividends.

The dividend plan grows out of the tax law for one of the major battles during the current session. Many opponents think the government should eliminate the policy of taxing the dividends.

Some also think it would be help to the individual to receive these, such as the gasoline.

There had been broad debate about the possibility of dividends, but Mr. Hiramson says the plan is new.

The oil company's profits

In his budget address, Mr. HIRMAN said the House will be asked to act today on \$110,000,000 in new appropriations. This represents one third of the total appropriations for the preceding fiscal year.

"Under the plan, dividends will increase as royalties increase. The only other approval as far as the House is concerned will be subject to federal income tax."

327 HIRMAN says there are many details to work out before the plan can go into operation. No one knows definitely how much it will benefit, but it is estimated that more than \$60,000,000 will qualify.

It should be pointed out that, in delivering his budget speech, HIRMAN was not pointing to the post; also, he was not making any reference to all admissions of 40 cents, as a means of relieving urban and small-town theaters.

Other officials of the House, including Alben W. Barkley, Hiram's ministerial secretary, have been quoted by \$1,000 to \$10,000 a year, members of the legislature from points outside Missouri will receive approximately \$100,000 in addition to their \$3,000 in salaries.

\$22 Dollars A Year Dividend

A lot of letter writers and several newspapers have made suggestions as to what the Alberta government should do with that \$11,000,000 it has allocated to all citizens 21 years and over who have resided in Alberta for the past five years. One of the best suggestions we have seen is to use this money to build homes for the aged and infirm. Instead of doing it out to about 500,000 eligible citizens at the rate of \$22 each.

We have before us a recent statement by Hon. R. D. Argue, minister of welfare in the Alberta cabinet, at a meeting in Westlock in February that estimated that about 25,000 people would be eligible for such a program. If the government were to build 25,000 homes at a cost of \$150,000 each, it would bring the cost up to \$3,750,000. For eleven million dollars the government could build at least fifty more old age homes in Alberta, with something to spare.

A great many of those eligible for the dividend have done nothing to deserve it. Chances are, much of it will be dissipated. The government is building large auditoriums in Edmonton and Calgary costing three or four million dollars each. These are supposed to be for the benefit of all citizens but the people in these cities will reap the most benefit and chances are that the older citizens in the rural districts will never see or enter these gilded palaces of entertainment.

Well furnished homes for the aged in the province who really prospered and built up the country would be a more fitting monument to these pioneers and more of a blessing to all concerned.

It looks like the government is going ahead with the dividend idea in spite of any suggestions from anyone. —The Viking News.

Former District Man James McDevitt Dies In Moncton, New Brunswick

The death of James J. McDevitt in New Brunswick is reported in the Moncton Herald. Mr. McDevitt, 68, died of a heart attack on Monday, April 3, 1967, at his home in Moncton, New Brunswick. He had been in poor health for some time. Mr. McDevitt was born in Tofteld, Alberta, and had lived in Moncton for many years. He was a member of the St. John's Anglican Church and was active in the church's activities. He is survived by his wife, Mrs. McDevitt, and two children, Mr. and Mrs. J. McDevitt. The funeral will be held on Friday, April 14, at 10:30 a.m. in the St. John's Anglican Church. Burial will be in the St. John's Anglican Cemetery.

Edmonton Beulah Tabernacle Scene Of Local Wedding

A quiet pretty wedding was solemnized in the Beulah Tabernacle on Monday, March 27, at 2 p.m. when Madeline Lane of Edmonton and Allan Francis of Tofteld were united in marriage by Rev. David. The bride was given away by her father, Mr. Lane. The groom was given away by his mother, Mrs. Francis. The wedding party consisted of the bride, groom, bridesmaids, and groomsmen. The reception was held at the Beulah Tabernacle. The couple will reside in Edmonton.

Queen Wears Grandmother's Jewels

The Queen of Tofteld, Mrs. J. McDevitt, wore her grandmother's jewels on Monday, April 3, 1967, at the funeral of her husband, James J. McDevitt. The jewels included a diamond necklace, earrings, and a brooch. The Queen was dressed in a black dress and wore a black veil. She was accompanied by her children, Mr. and Mrs. J. McDevitt, to the funeral. The funeral was held in the St. John's Anglican Church. Burial was in the St. John's Anglican Cemetery.

Safety Discovers To Be Discontinued

The safety disc, a device used to detect gas leaks, has been discontinued by the manufacturer. The disc was used to detect gas leaks in homes and businesses. It was a small, round disc that was placed in a room. If a gas leak was detected, the disc would change color. The manufacturer has decided to discontinue the disc because it is no longer effective. The manufacturer has replaced the disc with a new device, the gas detector. The gas detector is a small, round device that is placed in a room. It will detect a gas leak and sound an alarm. The gas detector is more effective than the safety disc.

Caring Club Rocks All Paid For

The President of the Caring Club, Mrs. J. McDevitt, announced that the club's fund-raising efforts for the year have been successful. The club has raised \$1,000.00 for the year. The money will be used to purchase a new car for the club. The club is a group of women who meet regularly to discuss current events and to plan fund-raising activities. The club is active in the community and is committed to helping those in need. The club's efforts have been recognized by the community and the club is proud of its achievements.

Crop Retention Checks Barley Diseases

Crop retention is one of our most effective present day weapons in the fight against barley diseases, says W. P. Skirrow of the Alberta Barley Laboratory at Peace University at Edmonton. Barley diseases are increasing and disease losses must be reduced. With the yield per acre in quality and reduced germination effects not only value but making quality as well.

Barley crops alternated with wheat and other cereals. If we are going to stay in the business, Dr. Skirrow says, we must have the ability to detect and control disease in a variety of diseases that have not recently caused little damage.

Over the past few years there has been a definite increase in the incidence of barley in Alberta, he reports. It is not where barley is not naturally grown. It is in the areas where it is grown where barley has been a major crop the increase of disease is noticeable.

Diseased barley, sometimes better cropped, sometimes not, and other conditions have all contributed to the state of affairs. Moisture conditions of the soil are a factor.

April Rainfall in Alberta
Lower Than Long Term Average
Rainfall from April 1st to April 27th has been considerably higher than normal in Southern Alberta, but lower than normal in the northern part of the province. The average rainfall for the period was 1.1 inches, compared to the long term average of 1.5 inches. The rainfall was unevenly distributed, with some areas receiving as much as 2.5 inches and others receiving less than 0.5 inches.

Daish Farmers Are Facing Some Problems As Canadian Farmers
Daish farmers are currently facing some problems as Canadian farmers. The problems are related to the weather and the price of grain. The weather has been dry in some areas, which has affected the growth of the crops. The price of grain has also been low, which has affected the income of the farmers. The farmers are working hard to overcome these problems and are looking for ways to improve their situation.

THOUGHT FOR TODAY
Slow and steady wins the race.
The slow and steady wins the race. This is a timeless truth that applies to all aspects of life. Whether you are working, studying, or playing, it is important to be patient and persistent. Success is not achieved overnight. It is the result of hard work and dedication. The slow and steady wins the race. This is a lesson that we should all learn and live by.

A Pretty June Wedding Solemnized in Schonsmeer Mennonite Church

A pretty June wedding was of deep and round. The bride and groom were united in marriage at the Schonsmeer Mennonite Church which was the scene of the ceremony. The bride's only attendant was her sister, Miss Florence Tofted who was a French girl. The groom's only attendant was his brother, Mr. Frank Tofted. The bride wore a white dress with a white veil and a white hat. The groom wore a white suit and a white hat. The ceremony was performed by the Rev. John H. Tofted, pastor of the church. The wedding was a very simple one. The bride and groom were united in marriage by the pastor. The ceremony was performed in the Schonsmeer Mennonite Church. The wedding was a very simple one. NOTICE TO FARMERS

Clean summerfallow is essential for control of cutworms. Fields containing much green growth are very attractive to the moths when laying their eggs. Therefore the summerfallow should be plowed clean by the middle of July and left alone until the end of August to take advantage of any crust that may form. The field should then be re-worked after the end of August.

Needless to say, the foregoing cultivation methods will be of distinct value in control of weeds as well.

Roosie and Richard West recently adapted to their new home and to their mother, Mrs. T. West. They were returned by their foster father, Austin Carlsberg, Ont. The boys were taken to the Court of Canada where they should be placed by the court, even though they had been adopted by the Carlsbergs after their mother died. The boys often feel superior to the other children who did not have a mother.

Biography of Hon. Michael Starr

Canada's Federal Minister of Labour

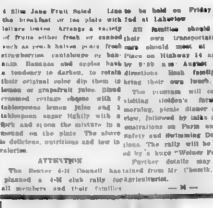

Michael Starr was born on July 25, 1912, in the town of Tofield, Alberta. He is the son of John and Mary Starr. He attended the Tofield Public School and then the University of Alberta, where he received a Bachelor of Arts degree in 1935. He then worked for the Canadian government for several years before joining the Labour movement. He was elected to the House of Commons in 1957 and has since held various cabinet positions, including Minister of Labour. He is known for his work in improving labour relations and for his efforts to help workers during difficult times.

There's Been Some Changes Made

The most observant readers will be the first to realize that there has been a change in the appearance of the week's paper. Some will know immediately what has been changed; others will compare it with a former edition while others will find it easier to read (two hopes and a wish to go). There has been a really startling item done, but just a number of real small changes, some of which have been planned for some time and others are a direct result of last week's convention which you either attended. The basic idea behind the changes is better readability.

At the convention in Banff last week which was attended by 500 persons from all across Canada, stress was put on points which make a paper easier to read. Although we are trying a few

OF MANY THINGS

There are so many things that we can do to make our lives better. We can change our diet, exercise, get more sleep, and so on. But the most important thing is to change our attitude. If we can change our attitude, we can change our lives.

More Blessed To Give

The season of brotherly love is almost here and many Canadians will soon take a mental pause to contemplate what they can do to help those less fortunate.

However, some will not have to fret the situation, as they have already given the problem their selfless devotion all year.

They are the members of the service clubs. Volunteer organizations, different names, different charters and different personalities, but all dedicated to making others feel a little bit happier and a little bit more comfortable.

Members of these clubs are sometimes a distinctly "forced" type of person. Joiners they are not, but their enthusiasm should ring the bell of the neighborhood with envy and admiration but never disdain.

The projects of the service clubs include assistance for crippled children,

low-income living quarters for the aged, summer camps for the young, and underprivileged, and dozens of other worthwhile endeavors. Each club will have the needs for its own locality, but a constructive concerted effort is made to meet them.

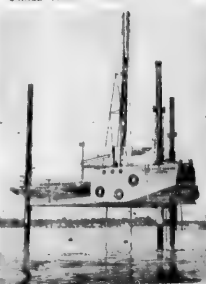

To be sure, none of the projects organized and developed are indirectly "for" the public, but the service clubs and its station are supplied by the service clubs.

The personal human touch given by these volunteers brings them a warmth which is almost to be lacking in any government-sponsored aid program.

It is less one more fact in our way of life which allows us, of our own free will, to share our good fortune with others. Maybe too good of us exercise this privilege and responsibility. Service club members do.

SMALL TEXAS TOWER ON LAKE ERIE

A multi-tower Texas Tower is now in motion in Lake Erie, drilling for gas beneath the present structure. The tower, built in 1965, is 100 feet high and is being moved to a new location on the lake. It is expected to be in place by the end of the year.

Of Many Things

(By Andrew Hill)
STUPIDITY
"Wherever" my only passion.

per mumbled "Wherever" what a dream!

We were in a train between Winnipeg and Edmonton. I heard the gentle rumble and heard him say "I can't sleep either, up, I was trying to get some service done."

I suppose I looked at him curiously, because he turned to me and said, "You just had the saddest dream!"

I lay on my stomach away "Did you?" I said.

"Well, no, make it simple," he said. "I dreamed that on a certain day morning, every thing was in Canada, since a new person."

"How happened?"

"Such person arose, from the bed and went to work. He went to give his money, that day, Jim Doe, in my office - he's the fellow you have - was at work before me. He started at me to tell me of the saddest dream. By the way, he was not doing his fellow. Turned to the nearest fellow and said, 'brought to...'"

"I got about 1 mile."

"It had been Jim only, not me. I guess he's just an example. Everybody, everywhere, went to work with a will. I saw a group of workers just to a house. You had never seen such men, with nothing to do. The fellow they built a beautiful house, and I'll bet, the speed he had a thousand bucks off the job. It is stated, 'You know - it was quite a dream. Everybody happy on all our side. Just one point -'

You had never seen such men, with nothing to do. The fellow they built a beautiful house, and I'll bet, the speed he had a thousand bucks off the job. It is stated, 'You know - it was quite a dream. Everybody happy on all our side. Just one point -'

"I got about 1 mile."

"It had been Jim only, not me. I guess he's just an example. Everybody, everywhere, went to work with a will. I saw a group of workers just to a house. You had never seen such men, with nothing to do. The fellow they built a beautiful house, and I'll bet, the speed he had a thousand bucks off the job. It is stated, 'You know - it was quite a dream. Everybody happy on all our side. Just one point -'

Safe Driving Week starts December 1

Canadian Automobile Association's Safe Driving Week for 1967 will run from December 1 to December 7. The week is devoted to the Highway safety conference with all province participants. The conference will officially open at 10 a.m. on December 1, and close on December 7.

This campaign will have two main objectives: to reduce the traffic death toll and to point up the responsibilities of police, motorists and highway safety. Roadside safety is one of a time, by individuals, and they must be provided the same way," declared the Conference Chairman, Ron Gordon Taylor, Alberta Minister of Highways.

Taylor, after part in publicizing the week, will be the federal and provincial governments of Canada, industry, business, public groups, police forces, the highway provincial and municipal safety organizations, and many others.

Both the Governor General, Sir John Gorton, and the Prime Minister, Lester B. Pearson, have expressed support of safe-driving week.

THE YEAR'S NEWEST CAR, THE NEWEST CAR IN YEARS!

Laurens Impala Super Coupe - one of Chevrolet's two new super models

It's almost too new to be true! It takes a new style in styling. It takes a new approach to power. It's a new right down to the smooth and solid way it rides. Now for '58, Chevrolet takes the giant step - the biggest, boldest move any car ever made!

It's long, low and luxuriously new - the beautifully moving '58 Chevrolet. It's new from roof to roof - new in every graceful sculptured contour, from its bold new grille to its unique Coil-Wing rear fenders. And it offers quick-responsive power aplenty in any engine you pick - V8 or 6.

NEW BODY-FRAME DESIGN
Chevrolet's low-swinging silhouette

For '58 combines a new Body by Fibre with a new X-type frame. It's dramatically lower and wider - and a full 9 inches longer!

NEW TURBO-THURST
Chevrolet unveils the revolutionary Turbo-Thrust V8* with Wedge-Fin design. Wedge-shaped combustion chambers are precision-machined in the cylinder block, not the head - a radical departure that helps achieve a new plane of performance.

NEW FULL COIL SUSPENSION
Deep-coil springs provide cradle-soft action at every wheel, completely replacing conventional leaf spring rear suspension. New Full Coil suspension is standard on all '58 Chevrolets.

A REAL AIR RIDE
No matter what price car you've accustomed to, you'll never be riding prettier! Literally carries you on cushions of compressed air, with all its natural shock-absorbing properties. Available now, on all four wheels!

THE BEAUTIFUL WAY TO BE THIRTY
Never before has there been so much low-priced luxury! Sedan with this pillar styling... stunning interiors... a new four-ported parking brake... triple-turbine Turbo-Thrust* and smoother-than-ever Powerglide*.

Your Chevrolet dealer is waiting right now to show you the beautiful way to be thirty - the '58 Chevrolet. *Optional at extra cost.

A GENERAL MOTORS VALUE

The Bank of Montreal annual report shows healthy increase in capital

The highest paying capital structure in the world, the Bank of Montreal has announced its annual report for 1956. The report shows a healthy increase in capital, with a total of \$1,114 million. This is a 10 per cent increase over the 1955 figure of \$1,012 million. The increase was due to a number of factors, including the sale of the bank's shares and the accumulation of profits.

Tips on Touring

When you are touring, it is important to have a good map. A good map will help you to find your way and to avoid getting lost. It will also show you the best routes to take and the best places to stop. A good map is a must for any tourist.

Christmas survives even in the prisons of Communists in Russia

Despite the fact that Christmas is a religious holiday, it is still celebrated in the prisons of Communist Russia. The prisoners of war in the Soviet Union have been allowed to celebrate Christmas in their own way. They have decorated their cells and have exchanged gifts. This shows that even in the most oppressive of regimes, the human spirit can find a way to celebrate the holidays.

Costly schools limit classrooms

Due to the high cost of building new classrooms, many schools are limiting the number of students in their classrooms. This is a problem for many schools, as they are unable to provide the same quality of education for all students. The cost of building new classrooms is often prohibitive, and many schools are forced to make do with what they have.

OF MANY THINGS

It is a fact that many things are going on in the world today. There are many people who are suffering from poverty and hunger. There are many people who are suffering from disease and death. There are many people who are suffering from war and violence. There are many people who are suffering from the effects of the atomic bomb. There are many people who are suffering from the effects of the hydrogen bomb. There are many people who are suffering from the effects of the thermonuclear bomb. There are many people who are suffering from the effects of the nuclear war. There are many people who are suffering from the effects of the nuclear holocaust. There are many people who are suffering from the effects of the nuclear annihilation. There are many people who are suffering from the effects of the nuclear destruction. There are many people who are suffering from the effects of the nuclear devastation. There are many people who are suffering from the effects of the nuclear disaster. There are many people who are suffering from the effects of the nuclear catastrophe. There are many people who are suffering from the effects of the nuclear tragedy. There are many people who are suffering from the effects of the nuclear nightmare. There are many people who are suffering from the effects of the nuclear hell. There are many people who are suffering from the effects of the nuclear purgatory. There are many people who are suffering from the effects of the nuclear paradise. There are many people who are suffering from the effects of the nuclear heaven. There are many people who are suffering from the effects of the nuclear hell.

INCREASES OUTPUT OF FLU VACCINE

At Connaught Laboratories in Toronto, scientists are working on a new method for producing flu vaccine. The new method is called the "split virus" method. It involves splitting the virus into its component parts, which are then used to produce the vaccine. This method is said to be more efficient than the traditional method of using whole virus.

It Would Be Nice Here

Recently we visited a small town about the size of Tofield and were completely amazed at the way in which it was decorated for Christmas. It seems that the Board of Trade had gone all out and secured the beautiful decorations and had really done a job of it. The Christmas tree lights were all turned on in main street and a large Christmas tree had been put in the middle of the street and decorated from top to bottom. In response to the Board of Trade suggestions the merchants had almost all fixed up the front of their stores with lights etc. The effect was stupendous, in fact we have never seen anything that equalled it. One of the Board of Trade members told us that although they had not extended their decorations to the residential section a number

of the home owners were starting to get the idea. He said that another year they hoped to extend it to the residential section. It started us thinking and we wondered if Tofield could be brightened up the same way. It couldn't be done this year but there is another one coming. While on the subject we wonder if the boys who did such a fine job of getting Christmas lights on the main streets of Tofield a few years ago are not missing a bet by not asking Calgary Power to turn the lights on a little sooner. We, in the publishing business have always found Calgary Power more than willing to co-operate on anything reasonable and we feel that if unapproached they would be glad to turn the lights on a little earlier this year.

Lets All Work Together

At various times we are called upon to assist in various projects between the fact that the businessmen of Tofield are against the farmers and we have come to the conclusion that those making such statements have given very little thought to this matter. The businessmen of Tofield, or any other town situated in a farming community, are completely dependent on the farmers of the district for their living. How then, can they afford to be against the farmer? We have seen the merchants looking at the sky and wondering about the weather and if the farmers are going to be able to get their crop in or off, or whatever the case may be. They watch the price of grain and hope that it will go up. These guys depend on the prosperity of the farming population they serve.

Recently we became involved in a discussion with a gentleman who was berating the local merchants so we asked what his charges were. He started in and listed them and every last one of them should have been directed at workers who live in the town and not the merchants. When

John and I looked out to him he had to admit that it wasn't the merchants but the townspeople. It is very easy to make charges but not near as easy to make them stick. The latest wave of attacks is that none of the businessmen deal in town. As yet no one has given us the names of any merchants who they know do not deal in town as much as possible. A number of clerks have been named but not merchants. There may be one or even two, but that is no reason to tar all the merchants with the same brush. Sure, some of these fellows go to Edmonton often but they haven't the time to be pushed around in a crowd while trying to do some shopping. They know that they have to help each other by dealing with them.

No, the merchants are for Tofield and the prosperity of the farmer and the chances are ten to one that they are paying interest on an overdraft so that they can carry yours and our charge accounts on their books. So let's stop the bickering and bickering and all work together for a better town and community.

The Minority Government Is Working

We enjoyed a chat with Senator Stansburgh the other night out at Hay Lakes and he freely admitted that the present minority government, in Ottawa, had passed through more legislation in a given time than any previous government could do. He said that the government was in a situation on the part of most parties to the situation to build back from an election loss, still something startling breaks, there seems to be a resignation on the part of most parties to the situation to the good for Canada as a whole. The Hon. Paul Martin tried to make his TV listeners believe the other night that all the present life legislation the country were due to the neglect of Prime Minister Diefenbaker and his government. Paul did more harm to the Liberal cause than could be said, particularly if he should be asked to lead the government. What Canada needs is a government to serve off the people that has been hanging off

too many metaphorical doors and to wipe away the cobwebs from too many corrupted brains. They have pretty well succeeded in driving out the bogey of necessary tight money, and it has not showed up the Government of the Bank of Canada in too good a light. We are afraid that there are still too many people in the seats of the mighty who would like to see the country travel in the direction of a serious depression so that they might cash in on the apparent currency that always resulted from such situations in the past. It will be pretty hard to battle against increased old age pensions, military pensions, and increased social services. These in themselves carry a heavy end of the nation's economy. The money comes round and round and the people are the healthier and happier for it. It is one way to illustrate the application of the law of energy: other than those generated by the human mind into substance for the people as a whole.

The Sad Story of the Shrinking Dollar...

Put the poor woman... put up a friend or neighbor of yours. She had the idea that if she got into the family car and drove many miles to THE BIG CITY, then she could be happy with that shopping dollar that she could right here in our town.

When she finally reached home again, she was tired and unhappy... but a lot wiser. After figuring the cost of gasoline and oil, wear and tear on her car, parking fees, restaurant meals and the repair bill for a badly dented fender, that shopping dollar had shrunk so much she had to squint to see it.

Moral: Buy every thing you need from your local merchants. Their prices may be smaller, but in selection, style and value they invite comparison with any other source. And local shopping is a related pleasure, not a costly, time-consuming bore!

To give Christmas Day entirely over to gifts and feasting would be to give this wonderful Christmas Festival over to Santa Claus, its religious significance to be lost in material self-indulgence.

We are all familiar with the story of the First Christmas. How Joseph plodded through the snow to the overcrowded town of Bethlehem leading the gentle donkey which bore Mary good and true. How Mary, normally a quiet little town, was besieged in a sinister Cretan Assassin's trap. How a tax collector's pal, an every man was required to re-turn to the place of his birth. Joseph being of the house and lineage of David had been "bitten" to travel all the way to the North. And when he was upon arrival he moved warily through the streets vainly seeking shelter for Mary and himself. How many doors he was turned from. How he and Mary were weary and cold. How they were so tired that they could not find a place to stay. How they were so tired that they could not find a place to stay. How they were so tired that they could not find a place to stay.

which was to be born of this young girl Mary Would have offered them his home? We know he would.

In a manner of speaking, at Christmas Day we become the new-leaver with this new-born son. We are told that the "child Mary bore to the Christ child the son of Almighty God came to take away the sting of the world, to redeem our various sins from eternal death as being them to God. Some will say that he took the sin of Adam and held the door open for all men to enter through the doorway to make room for their busy day of celebrating worship; the trivial Jesus Christ will give us passing thought, be it something or something we turn up and it will no longer be essential the sin be forgiven because the Father has already forgiven. Will others the male

On Sunday two babies were born to Mr. and Mrs. Hulse, son of Mr. and Mrs. J. W. Mawston and Clifford Adams, son of Mr. and Mrs. Alvin Hulse. The babies weighed 10 pounds 10 ounces and 10 pounds 12 ounces respectively.

On Friday evening last Melbartha Helen Ulak, W. Reddick and Gertrude Perre tooked the son in Chipe sponsored by the Memorial Club.

Grandpa Perre celebrated his birthday on Sunday. Several friends were all at the party and had a supper to serve him.

Public Notice
Province of Alberta
Notice is hereby given that the Government of the Province of Alberta has appointed a Commission and has authorized that Commission to study and consider the aims and objectives essential to maintain a proper and adequate educational program for pupils of the elementary and secondary schools of the Province, and to inquire into the various aspects of elementary and secondary education as they relate to the schools of Alberta. Interested persons may secure a copy of the terms of reference of the Commission by writing to the Secretary.

Public Notice
Province of Alberta
Notice is further given that during the months of May and June the Commission will hold public hearings in Edmonton, Calgary, Lethbridge, Medicine Hat, Red Deer, Grande Prairie and, perhaps, in other places for the purpose of receiving briefs and submissions from persons and organizations relative to the matters under deliberation. Publication will be made in the press, in the localities selected, of the times and places of the public hearings, at which times all interested parties must be prepared to present their respective submissions.

RYLEY NEWS ITEMS

Local business
The Ryley Times is pleased to announce that it is now being published on a weekly basis. This change was made to better serve the community and to provide more timely news.

Basketballers beat
Tofield High School

The Ryley basketball team, coached by Mr. J. H. Smith, defeated the Tofield High School team in a game played last night at the Tofield Community Hall. The score was 25 to 15 in favor of Ryley.

Historical cannon signal mid day
every day in Ottawa

Each day for the past 80 years, a sounding horn has signalled Ottawa's noon time for lunch and going to school. The tradition is to be continued in Ottawa, Ontario, Canada. The "Lionel" Bell, which was made in 1878, is now being used to signal the noon time. The bell is located in the Parliament Building in Ottawa.

This is a good time to remind you that nothing takes the place of the

Local Newspaper
in the lives of the people of the Community.

Other media may bring you a part of the story but the local newspaper tries to bring you a full story of local and district events.

Read the Advertising!

Important also to you is the advertising which brings the news of the local businesses to you in convenient, easy to read form. Advertising helps keep you better informed. Through it you know where you can buy certain articles & often just what they cost. It is necessary in this modern age for you to intelligently plan your buying.

Tip on Touring

By G. H. Smith
When you are touring, it is important to have a good map. A good map will help you to find your way and to avoid getting lost. It will also help you to find the best routes and the best places to stop. A good map is a must for any tourist.

Canadian hospitals pioneer part time mental treatment

A new kind of part time mental treatment is being pioneered by the British Columbia Hospital Board. The program, known as "Part Time Treatment," allows patients to receive mental health services on a part-time basis, rather than being committed to a full-time hospital stay.

The program is designed to help patients who are not severely mentally ill but who need ongoing support and treatment. It allows them to live at home and continue with their normal activities while receiving professional help.

**\$15 MORE
PER TON!...**

Protein is essential for meat and milk production. A ton of unfertilized grass hay contains approximately 100 lbs. of protein. Application of high analysis Elephant Brand Fertilizer can double this figure to give you 200 lbs. of protein per ton.

Most protein feed supplements contain 32 per cent protein, and cost up to five cents per pound. *On this basis, the increased protein content resulting from the use of Elephant Brand adds \$15 to the value of every ton of forage... plus extra profits from faster growth and more abundant yields!*

EVERYTHING WITHOUT REGARD TO LIMIT...
Today Alberta—and Canada—stand on the brink of really BIG things.
In the words of our Prime Minister, "everything without regard to limit" will be done to provide work for Canadians and an opportunity for the better things of life—through vigorous development of our resources, increased foreign trade, social security and moral leadership among the nations.
These are the pledges of your Diabenbaker Government, which has already fulfilled so many of its 1967 promises to taxpayers, home-builders, senior citizens, agriculture industry... and YOU!
On March 31st—in Alberta—let's get moving on the vital tasks ahead—with YOUR member of John Diabenbaker's Alberta team!

Conservatives score landslide Fane wins in Vegreville

John Diefenbaker, leader of the Conservative Party, won a landslide victory in the recent federal election, securing 248 seats out of 302 in the House of Commons. His opponent, Lester B. Pearson, leader of the Liberal Party, won 154 seats. The election was held on April 28, 1957, and was a significant turning point in Canadian history, marking the end of the long reign of the Progressive Conservative Party.

Threats to the Town

The town of Tofield is facing several threats, including a proposed new highway route that would bypass the town, and a proposed new industrial park that would increase traffic and pollution in the area. The town council is currently reviewing the proposals and considering ways to protect the town's interests.

Thieves again break into Arnett Motors

Thieves broke into Arnett Motors in Tofield on March 25, 1958, and stole several cars and parts. The police are currently investigating the case and have issued a warrant for the arrest of the thieves.

Warm weather brings everything but sunshine

The weather in Tofield is warm and sunny, but the lack of sunshine is causing some problems for the town. The lack of sunshine is causing the snow to melt faster than expected, and is also causing some crops to grow faster than expected.

Farmers Take Action On Cost-Price Squeeze

In Alberta farmers are doing something about the cost side of the cost-price squeeze presently plaguing agriculture. By co-operative action through U.F.A. Co-op, owned and controlled by farmers, these farmers are on the way to control of the cost of fuel used to produce power on their farms. Last year a 6 per cent dividend was declared of purchases of Maple Leaf brand U.F.A. Co-op gasoline, oil and greases. In the bulk farm supply field, through U.F.A. Co-op locals, farmers last year received \$22,000,000 cash dividends, in addition to substantial savings at the time of purchase. Farmers — take positive action to cut your cost! Contact your local U.F.A. Co-op agent now for Maple Leaf brand fuel and other farm supplies.

THE WORLD OF WHEAT

SUMMER ALLOW AND WHEAT YIELDS

Wheat yields in the world are expected to be high this year, according to a report from the United Nations Food and Agriculture Organization. The report states that the world's wheat crop is expected to reach a record high of 1.5 billion metric tons this year, up from 1.4 billion metric tons last year. This increase is due to a combination of factors, including improved farming techniques, better weather conditions, and increased use of fertilizers. The report also notes that the world's wheat production is expected to continue to grow in the coming years, as more land is brought into cultivation and farming techniques continue to improve.

Mr. and Mrs. William and the girls, received each year for the anniversary of the parade, and \$500 in awarded capital grants.

In a letter to the university president, Mr. Williams said the purpose of the idea was to make early independence in any form of the family.

The office of history under this scholarship was made with the belief that a history is more than a mere record of the university and that it is a man's personal worth in the community.

TO ALL HOLDERS OF VICTORY BONDS

HONOURABLE DONALD M. FLEMING,
MINISTER OF FINANCE

of the Government of Canada, announces an offer to replace all unmatured 3% Victory Bonds with new 4½% 25-year bonds, or with other shorter term bonds at other interest rates in accordance with the terms of the offering.

This Canada Conversion Loan of 1958 represents the largest financial operation ever carried out in Canada in time of peace or war. It is designed to re-organize over 40% of the National Debt on a basis which will provide a higher income for those investors taking advantage of it,

and at the same time reduce for the Government the volume of financing to be done in 1959 and subsequent years through 1966.

All holders of unmatured 3% Victory Bonds (Canadians now own a total outstanding amount of \$6,416 million) are now offered the opportunity to convert into the new non-callable

Farm Safety Hints

- This week, July 24th, to 26th, has been instituted as National Farm Safety Week in Canada and the United States.
- More and more, the Canadian people are becoming aware of the ever mounting number of fatalities on the farm. The many safety campaigns continually being waged against motor vehicle accidents have so saturated everyone that the three-word phrase, "Better safe than sorry" has lost much of its punch. Still the farm accidents could have been prevented had the proper precautions been taken in time.
- You can help prevent accidents.
- 1 Keep guards on power machinery.
 - 2 Keep children away from machinery, water tanks and other hazardous places.
 - 3 Avoid operating your tractor on dangerous inclines or near ditches and banks.
 - 4 Keep the farmyard clear of trash, sharp tools and forks.
 - 5 Keep up repairs on ladders and ladders.
 - 6 Remove nails promptly from loose boards.
 - 7 Avoid wearing loose, or torn clothes and ragged gloves around moving machinery.

Former Ryley Resident dies in Portland

Mr. Harry James Ryley, 67, of Portland, Oregon, died at his home there on August 14, 1968, after a long illness. He was born in Ryley, Alberta, and had lived in the town since 1914. He was a member of the Ryley Community Centre and had been a resident of the town for many years. He is survived by his wife, Mrs. Ryley, and several children.

Around the Town

The old garage directly out of the street market in Ryley is being demolished. A new building will be built on the site. The old building was built in 1914 and was used as a garage for many years. It was a two-story building and was in poor condition. The new building will be a single-story building and will be used as a garage for the town's cars.

Mr. and Mrs. R. A. Ryley and their family moved to Ryley, Alberta, from Portland, Oregon, in 1914. They have lived in the town ever since. Mr. Ryley is a member of the Ryley Community Centre and has been a resident of the town for many years. He is a well-known figure in the town and is respected by all who know him.

Mr. and Mrs. Ryley have three children: Mr. Ryley, Mrs. Ryley, and Mr. Ryley. They are all well and are living in Ryley, Alberta. Mr. Ryley is a member of the Ryley Community Centre and has been a resident of the town for many years. He is a well-known figure in the town and is respected by all who know him.

More than dollars and cents

The Tofeld Community League is to be congratulated on bringing to Tofeld the first class of entertainment as was put on Wednesday evening when the play "Out Of The Frying Pan" was presented. Tofeld townsfolk of a ball in the smaller centres in Alberta and without such a ball in such fine entertainment would be impossible. For two weeks in a row we have in Tofeld have had the pleasure of enjoying entertainment which has previously been presented in the Jubilee Auditorium in Edmonton. Not only has the entertainment been brought to us, saving a trip to the city through traffic but the rates charged have been less than those charged in Edmonton. Yes, we in Tofeld are indeed fortunate in having such a Community Centre.

It is indeed too bad that with a heavy debt hanging over their heads that the league executive must think of everything in terms of dollars and cents and how much profit can be made on a project. It costs a lot of money to bring this type of entertainment to towns and it is not probable that the league made more than half profit. However, it is heartening to know that they are doing something for the community in which they live. All what is more important in this old world than to do something for someone else.

Charged Anonymously

Editor Ray King, of the Canadian Press, had come out with the following editorial and there is no wisdom without fact in what he has to say.

"The Editor received an anonymous communication this week that informed that we were anti-labor and anti-union. Ordinarily we ignore anonymous communications entirely, but when one tells us that the railway men in Canada are amongst the poorest paid industrial workers we at least wonder who is kidding whom. Only a few short years ago the railway workers as a group were Canada's highest paid workers. They were ultimately superseded in this position by the steelworkers. . . and now the steelworkers in Hamilton are out on strike. If railway traffic will pay the higher rate of wages, all well and good, but if it is going to require a subsidy from the public treasury to maintain this high standard of earnings, well, the public is going to have quite a bit to say about it. If the government of the land undertakes to do that for one industry there will be a general clamor for the same privilege from all sides. True, we are against the Seafarers' Union when it demands that the Federal Government maintain a merchant marine at a cost that could not be met with other shipping lines. Such union thinking is evil and dangerous. We are all for unions for a day's pay and protect the working conditions of their members, but when the primary function of a union is to tell a strike at a most unbecoming time, like was done on the West Coast ferries during the tourist season, we think that union leaders should be subjected to close scrutiny by the authorities. The pay of the ferry workers was certainly no peanuts, and much better than the earnings of many a small business man all across Canada. The people still have some rights to be preserved, too."

Alberta Government allots \$1,171,500.00 for scholarships

The Government of Alberta has announced that it has allocated \$1,171,500.00 for scholarships for the 1968-69 school year. This amount represents a 10 per cent increase over the previous year's allocation of \$1,065,000.00.

The scholarships are available to students in Alberta who are attending post-secondary education in any of the following fields: Agriculture, Arts, Business, Education, Engineering, Health Sciences, Law, Letters, Life Sciences, Physical Sciences, Social Sciences, and The Arts.

The Government of Alberta is committed to providing financial assistance to students who are pursuing higher education. This commitment is reflected in the annual allocation of funds for scholarships.

THE WORLD OF WHEAT

The wheat situation in the world is a complex one. It is a commodity that is essential to the survival of the human race. It is a commodity that is produced in many different climates and soils. It is a commodity that is consumed in many different ways.

The world's wheat production is estimated to be around 1.5 billion metric tons per year. This is a significant amount of food. It is a commodity that is essential to the survival of the human race.

ANOTHER BRIDGE ACROSS ST. LAWRENCE

The idea of building a bridge across St. Lawrence is a long-standing one. It is a bridge that would connect the two sides of the river. It is a bridge that would provide a shortcut for traffic. It is a bridge that would be a landmark in the city.

The bridge would be a significant addition to the city's infrastructure. It would provide a new way of crossing the river. It would be a bridge that would be a landmark in the city.

NO WORLD BROTHERHOOD

The idea of world brotherhood is a noble one. It is a dream of a world where everyone is treated equally. It is a dream of a world where there is no war. It is a dream of a world where everyone is happy.

The world is a complex place. It is a place where there are many different cultures and languages. It is a place where there are many different ways of life. It is a place where there are many different problems.

Deamus shook his head. "No, nothing else."

"Are you sure that's all you said?"

"Yes, that's all. Just a momentary remark."

The waiter returned with the food, placed it before him, and he ate with tranquillity and showed Deamus virtually no regard for the sandwich he threw away. He delicately wiped his mouth with a napkin, then he looked at the waiter. "Check, please," he said.

"Check?"

"Yes, the check," Deamus said with ceremony.

"But there is no check!"

"What do you mean? Do you not have a check?"

"There are none inside the Christmas Eve Inn!" he roared in the wake of the waiter.

There is a lot to be said for the "old-fashioned" Christmas. The children are excited, the adults are relaxed, and the whole thing is a time when everyone can enjoy each other. The only problem is that it is so easy to get carried away with the commercialism of it all. The children and adults were busy at the T. M. Club's special card-making session on Wednesday night. The children were supervised by their mothers and the adults by the club members. The session was a great success and many beautiful cards were made.

Local couple celebrate 25th wedding anniversary

Mr. and Mrs. Lloyd Kaufman were honored on their 25th wedding anniversary. The celebration was held at the home of the couple, who have been married for a quarter of a century.

The festive meal was a family affair, with all the children and grandchildren present. The couple expressed their appreciation for the love and support of their family over the years.

Mr. Kaufman is a well-known local businessman, and Mrs. Kaufman is an active member of the community. They have many friends and a large family.

The anniversary was a special occasion for the family, and the celebration was a testament to the strength of their marriage.

Mr. and Mrs. Kaufman have been married for 25 years, and their love has only grown stronger over time.

The anniversary was celebrated in style, with a large gathering of family and friends.

Mr. and Mrs. Kaufman are looking forward to many more years of happiness together.

Norman Glover to head Tofield Community League

The annual meeting of the Tofield Community League was held on Wednesday night. Norman Glover was elected as the new president of the league.

Glover, who has been a member of the league for many years, was well-known to all the members. He was elected by a large majority.

The meeting was a success, and the members expressed their confidence in Glover's leadership.

Glover will be responsible for the future of the league, and he is committed to serving the community.

The league will continue to work for the betterment of the Tofield community.

Glover's election was a testament to the trust and support of the community.

The league will continue to be a vital part of the community.

Tofield's Jubilee Year starts off with a storm

The weatherman said a high from New Year's Day and a low from the Gulf of Mexico combined to bring a storm to Tofield. The storm brought heavy rain and strong winds, causing some damage to property.

The storm was a disappointment for many people who were looking forward to a clear day for the Jubilee celebrations.

Despite the weather, the Jubilee celebrations will go ahead as planned.

The Jubilee is a special occasion for the community, and everyone is encouraged to participate.

The Jubilee will be a day of celebration and unity for all the residents of Tofield.

It was mentioned that Wainwright and Ernest Schmitt and the students at Lamont and Colchester had these inter-communication systems, and that the teachers appeared pleased with them.

It would make it possible for the Principal, for instance, in, at one time, contact the teachers in all the various rooms, and it would also be possible to relay messages to the students.

from the restrooms. Also a call could be made from one room to another within the building.

It was pointed out that the conduit to this system was already in the present building at Torfild, and Mr. Cooke made the point that it would be put in the new addition.

It was also mentioned that this conduit had been put in the other new schools as well.

The price for this system was

The Superintendent suggested that possibly in time an inter-communication system should be considered for the Hoddes and Ash-n'-broms as well. He did not think that it would be nec-essary to consider it for the school at Rydal, who were more centrally located and the various systems more easily accessible from the central part of the school, but that however Rydal might be considered for some

After some time in the division it was noted that an information system be obtained and installed at the Tofted school.

1. The first part of the paper is devoted to the study of the asymptotic behavior of the solutions of the system (1) as $t \rightarrow \infty$. It is shown that the solutions of the system (1) are bounded and tend to zero as $t \rightarrow \infty$ if the matrix A is stable. The second part of the paper is devoted to the study of the asymptotic behavior of the solutions of the system (1) as $t \rightarrow \infty$ if the matrix A is not stable. It is shown that the solutions of the system (1) are bounded and tend to zero as $t \rightarrow \infty$ if the matrix A is not stable and the matrix B is positive definite.

PIRATE GOLD IN OUR DOLLAR'S FAMILY TREE

No one knows for sure, but our ancestors' dollar bill believed to have originated with the figure it stamped on its right—John Lang Ash, a seer and others of his breed—may have started the way to bigger dollars.

Whether this is a tall tale or a true one, our money's history is full of tales of treasure and the hunt for it. The \$ 1 bank was the first in the U.S. and the first U.S. bank to be founded after the Revolution and before our own government's system began in 1789.

But many, according to legend, on or on than the \$ 10

dividend figures that come after it, especially if those are in a rather constant pattern from the bank of a company that is likely to watch them grow and grow as steadily. I like to pay myself of two and three-quarters as much as I can to get the amount.

It makes more sense to pay regularly at the end of the month for success in life too.

Ryley Men married in Calgary Church

In Cary was the scene of a lovely wedding on March 21, when Marie Helen Hutchason became the bride of Brian Robert Kye Westmacott. Marie is the daughter of Mr. and Mrs. Leonard Hutchason of Drayton Valley, B.R. is the son of Mr. and Mrs. H. K. Westmacott of Ryley.

The bride entered the church on her father's arm. Her gown featured a nylon lace bodice and pleated silk panel sleeves with a full nylon tulle skirt over satin. Her fingertip veil was held in place by a sequin and pearl

Her Bridesmaid, Miss Davis Oslund, wore a peach, tulle cocktail length gown in princess style with a small jacket. Her headpiece, gloves and shoes were

EARLY ATTENTION TO WEEDS
Because they reduce yields, weeds are a serious problem to many farmers. They also reduce the quality of the crop. It is important to get weeds under control early in the season.

THE MERCURY

FAIR FIGHTING FELLERS!

Having accepted the nomination to contest the riding of Peace in the coming election, the editor of The Mercury would like to point out that it will in no way affect the editorial policy of the paper. The Mercury, as always, will continue to be independent, allowing space for noteworthy events to all political parties. In an issue before the election, space will be given to all parties to express their views.

In our capacity as editor, we will make no discrimination, but we do feel that even an editor is allowed his own private life.

A NEW DEAL for ALBERTA

BETTER UTILIZATION OF NATURAL RESOURCES
FARM LOANS TO \$25,000
SOUND LAND USE PROGRAM
MORE EQUITABLE DISTRIBUTION OF MUNICIPAL GRANTS

You'll get a 5000 Deal for your money with a Liberal Government. Here are some of the reasons why:

1. Farm loans up to \$25,000.
2. A Sound Land Use Program to encourage improved, feed resources, irrigation where needed.
3. Utilization of Our Natural Resources for industrial use.
4. More Equitable Distribution of provincial revenue to return the taxpayer of an equal value of municipal taxes.
5. Stop Intersecting Spending and wasteful practices in government expenditures.

Vote LIBERAL
The Only Party That Fights For You

TAILOR-MADE HULA HOOP FOR JOY

Just a monkey business in an art gallery in Toronto, Ont., a group of women have a great time in the world that can be seen through the hula hoop. The women are dressed in hula costumes and are dancing to the music of the hula. They are having a great time and are enjoying the show.

GREEN ACRES

ROTATIONAL GRASSING
PASTURE CARE

Pasture is one of the most important crops on the farm. It is the source of food for the livestock and it is the source of income for the farmer. It is important to take care of the pasture and to make it as productive as possible. This can be done by using rotational grassing and pasture care.

At the present time, the pasture is in a very poor state. It is overgrazed and it is full of weeds. It is important to take care of the pasture and to make it as productive as possible. This can be done by using rotational grassing and pasture care.
